DOLONIUS' ADVICE TO LAERTES:

· Costly thy Habit as thy Purse can

It will be remembered by Shakespearan readers in the play of Hamlet, the advice of Polonius to his son Laertes, who was just in the act of leaving Denmark for a journey to Flance, wherein he said; "Costly thy habit as thy purse can buy, but not expressed in lancy; rich not gaudy—for the apparel of proclaims the man," dc., dc. Ministers from the pulpit have said that

every young man should paste in his hat the remarks in full of Polonius. The town of Apex, on the line of the Raleigh and Augusta Air-Line Railroad, was started in 1872. It now has a population of 200. Our streets show but little improve-

ment from the mud of the last few days, but we suppose our churches will be well attended to-day. Mr. Lewin W. Barringer, formerly of this city, but now of Philadelphia,

arrived in the city yesterday even-ing. He intends making Baltimore his home at an early day. Quite a stir was occasioned in this city yesterday from the fact that a large number of minors were summoned before the Grand Jury. The trouble is the effort of the Jury to enforce the Legislative enact-

r our liquor dealer may be caught. MIRROR OF IRELAND.-Taylor & Bordwell's beautiful pictures of Er-rin's Green Isle, consolidated with the Franco German War Panorama and Taylor's Comedy Company and Concert Troupe, will give two entertainments at Tucker Hall this week on Friday and Saturday nights. We are compelled to have a favorable impression of this Company from the encomiums of the press generally where they have performed. Mr. James Taylor is a comedian, and an eccentric, actor of rare excellence, having been pronounced by compe tent critics superior to Sol Smith Russell or Alf Burnett in his peculiar impersonations. Miss Ada Alexandra is a lady of much personal beauty, and is gifted with a melodi-ous yoice, which has been trained in the best schools of Europe. Her serio-comic and operatie songs once heard, make her a favorite with any audience. The troupe number many well known artists, and we feel satis-fied that our music-loving eitizens will greet them with a full house. One noteworthy feature, is that the management, in consideration of panic times and in order to accommodate families, have placed the price of all tickets purchased prior to 12, noon, on the day of performance at 50 cents. After that hour and at night, the price will be 75 cents. A

THANKS.-We are extremely gratified at the abundant evidence we have received since the first of January of the popularity of the NEWS throughout the State and of the importance to the press of adopting strictly the cash system. Already large numbers of those subscribers whose names we reluctantly erased from our books on the first of January have renewed their subscriptions with the assurance that they will continue to do so. We believe this

to be the only plan upon which a newspaper should be conducted, and the sooner the press of the South fully realize this fact the sooner will they become independent and prosperous. THE SUPERIOR COURT.-This Court yesterday was engaged in hear-ing the argument in the case of the

levies, cannot be avoided These levies are as follows: For the bonds issued for the Wesrecent burning of Cedar Fork Acadtern N C. R. R., Eastern and Wesemy. The jury returned a verdict of guilty against the two negro men charged with the crime, and they will pay the penalty therefor by a visit to the Penitentiary. No other business was transacted during the Wilmington, Charlotte & Ruther-ford R. R., 1-8 of 1 per cent. or 121 cents on the \$100.

Subscribers finding this notice marked are apprised that their term of subscription will expire within two weeks. All renewals must be prompt.

THE PUBLIC DEBT OF THE STATE. -In view of the fact that the ques-tion of the settlement of the Public Debt of the State is just now one of paramount importance, and the conference of the Committee on Public Debt and the creditors of the State to be held in this city on Thursday next, we deem no excuse necessary for making the following extracts upon this subject from the Report of Treasurer D. A. Jenkins upon the Public Debt Says the Treasurer:

"Statement E gives in detail the bonded debt of the State, from which it will be seen that on the 1st of October, 1874, the debt was as follows:

1, 'onos is sed before the war called "olt bonds," \$ 8,372,900 00 11 terest unpaid on same, Total, Total, \$11,579,075 50

Interest unpaid on same, \$ 5,604,140 00

commonly called \$11,407,000 00 3,528,930 0 Total, Conds commonly ca "Special Tax,"
 Interest unpaid on same, Total. \$14 : 35,930 00

Total bonds and inferest not "special tax," \$23,985,918 05. Total debt, including special tax, bonds and in terest, \$38,921,848.05. Supposing the entire debt, not special tax, should bear interest at six per cent, it would amount to \$1,439,-

155.08 per annum. Supposing all the debt, including special tax, should bear interest it would amount to \$2,335,310.88 per annum.

The principal of the debt has been reduced during the year \$600,000 by the delivery of that amount of bonds by W. J. Hawkins, President of the Raleigh and Augusta Air-Line Rail-road Company, (formerly of the Chatham Railroad Con.pany) in redemption of one-half of the mortgage of \$1,200,000, held by the State, executed by the Chatham Railroad Company under ordinance of Convention ratified 11th of March, 1868. The bonds of the Company, (\$600,000) held as an exchange under said ordinance, were surren-dered to the Company. The redemption of the bonds and mortgage of the Company was authorized by the or-dinance of 11th of March, 1868, and

chapter 11, public laws 1871-'72. ment prohibting the sale of liquor to The interest on the bonds received from, and surrendered to the Comminors, and it is possible that some pany, amounting to \$222,000, was equalized and adjusted to the 1st of June, 1874, and the interest statement is reduced \$233,944.50, adding interest surrendered with said bonds to the 1st of October.

Suits against the State. It will be remembered that a considerable amount of money, in all \$240,035.77, collected under the "special tax" acts, remained in the Treas ury after the General Assembly ordered the Treasurer to discontinue payment of interest on "special tax" onds. This money, by order of the General Assembly, was used for general purposes.

A suit returnable to the Novembe term, 1873, of the United States Cir cuit Court for the Eastern District of Noth Carolina, was instituted by one Alfred Self, for himself and other holders of those bonds, praying that I be enjoined from paying out mo-neys from the Treasury, until the special tax fund should be replaced. Able counsel were employed on my behalf to resist this action, which, if successful, would have stopped the wheels of the State Government. It came up for final hearing at the last June term of the Court before their Honors, Chief Justice Waite, and Judge Hugh L. Bond, when, after

argument, the suit was dismissed. A suit to compel by mandamus the Auditor to include the special taxes in his levies was brought in the Superior Court of Wake, at its Spring term, 1874, A. Belmont, for himself and other holders of "special tax" bonds, being plaintiff. Motion has been made to transfer this suit into the United States Circuit Court, affidavit having been made, in accordance with the Act of Congress of 1867 that justice cannot be had in

the State Court by reason of prejudice or local influence. This application is resisted on the ground that the Federal Court has not original jurisdiction to grant writs of mandamus, and therefore, cannot gain such jurisdiction by transfer under said Act of Congress.

This question is still undecided. A suit for mandamus has been instituted against the Auditor and myself by one H. P. C. Wilson, to compel the payment of about \$8,000 of coupons of old bonds. The daintiff contends that as the act of 1868, entitled "An Act to provide for the payment of the interest on the lawful debt of the State," has not been formally repeated, I am compelled to continue the payment of coupons out of moneys in the Treasury not specially devoted to other objects. asmuch as the revenue acts since 1868 contain no clause directing the taxes to be raised for paying interest on the public debt, I have considerd myself impliedly forbidden to make further payments in this regard. To set this matter at rest, certainly with regard to all coupons except those in suit, I recommend that the aforesaid act be

immediately repealed.

If the Belmont suit is decided against the State, the payment of interest on the "special tax" bonds, at least to the amount of the special tax

tern Divisions, 1-20 and 1-8 of 1 per cent. respectively, or 17½ cents on the

Western R. R., 3 80 of 1 per cent. or 3\frac{2}{3} cents on the \$100. Williamston & Tarboro R. R., 1-30 of 1 per cent. or 31 cents on the

Total levies 37³ cents on the \$100, which, at the valuation of property of 1873-24, would bring in \$530,000 per annum. I cannot believe that the Courts

will make any decision, such as is asked for in this suit, which would asked for in this suit, which would thus impose on the people of the State grievous burdens for the payment of interest on a debt, which the General Assembly has denied the validity of in repealing the acts under which it war incurred, and which, from fraud and mismanagement, has but little benefitted the State. The payment of all this debt would be a monstrous iniquity, and it seems to me impossiiniquity, and it seems to me impossi-ble, when our forefathers incorpora-ted in the Constitution of the United States a prohibition against the suing of a sovereign State, except with her own consent, that this provision can

be easily evaded to the sure destruc-tion of the rights of the States. But while this and similar suits are unsettled I see great difficulties in the way of adjustment of even the honway of adjustment of even the honest debt of the State. Suppose that the General Assembly should come to a decision as to the amount of the just liabilities the people would be able to pay, and should levy a tax accordingly, and afterwards the Supreme Court of the United States should sustain the power of the Cirshould sustain the power of the Circuit Court to order the collection of these taxes, the added burdens would be beyond the ability of the people to bear them. I recognize in full the duty, as expediency, of redeeming our obligations, but I shrink from recommending the General Assembly to enter on this task when its magnitude is so entirely uncertain. Stock of the State in the North Caro-

lina Railroad Company. The Circuit Court of the United States at its June Term, 1874, in the case of Swazey and others vs. the North Carolina Railroad Company and others, decreed the sale of a sufficient amount of the stock of this company to pay the interest due on the bonds issued by the State for that company. The operation of the deeree was postponed until April next, in order that the General Assembly might consider the matter. Appeal has been taken to the Supreme Court of the United States by the North Carolina Railroad Company. The amount of accrued interest unpaid on the bonds issued for this compa-ny could not be ascertained in time to be stated in this report, as payments are being made from day to day, by the Receiver, and the books of the Commissioner, as to the amount of coupons to any particular date, are not closed.

Stocks and Bonds. Statement G embraces the character and amount of the stocks and bonds owned and held by the State. I repeat the suggestion made in my last annual report, that, notwithstanding a small proportion of the stocks and bonds contained in this statement is unavailable, yet as they exist by virtue of transactions with the corporations, authorized by acts of the General Assembly and ordinances of the Convention, I make a full exhibit of them for the information of the General Assembly and the public.

Statements H, I and J are important as information and fully explain themselves.

Ir is said that the Louisiana office-holders are afraid of the Congressional Investigating Committee that is now looking into the condition of affairs in that State. So clear it is that their misdeeds will not stand the scrutiny of the men of their own party.

POSTERS, CHECKS, DRAFTS, &c.

And now Boston has become indignant over the outrageous proceedings of GRANT in Louisiana She is to have a mass meeting to condemn this action. BUTLER will have to go home and reconstruct his people, if indeed he has any influence left in that quarter.

Is IT not about time for Mr. ALEX-ANDER H. STEPHENS to "rise to explain" that GRANT's course in Louisiana is altogether right and lawful. Several months since, in a speech made to his Georgian constituents, this eccentric statesman justified and defended the conduct of the President in that behalf up to date. We wonder in the light of later events, it he still defends and justifies the conduct, which good men everywhere are condemning with earnestness and indignation? We would just like "to know, you know" what the Georgia representative now thinks of the man, who seemed, months ago, to have won so largely of his admiration and re-

LET THE people of the South re member, that the foremost figure in the cruel crusade that has been made upon their rights and liberties, their persons and property, has been that of George H. WIL. LIAMS, Attorney-General of the United States. Vile and vindictive, he seems to have found fiendish delight in the infliction of insult and wrong upon a people whom he had neither the heart, nor the brain, to understand and appreciate. An avowed partisan, in an office in which the highest impartiality and integrity are necessities, an incompetent in the discharge of the duties of that office-violent, vicious and ignorant, he has been the trusted adviser of the President in all matters relative to the States of the South. When the passions of the hour shall have cooled, when reason shall have resumed her sway and the sober, second thought shall reveal this last crowning outrage in Louisiana in all of its hideous enormity, he will be driven, by an indignant public opinion, into the obscurity from which he ought never to have emerged, the object of the loathing and contempt of every right-minded and right hearted man in the nation.

MIAME To the shame of the American people be it said that GRANT's Louisiana infamy found apologists and defenders in the Senate of the United States. MORTON and CONKLING and EDMUNDS opposed, upon a technical quibble, the passage of a resolution calling for information from the President as to what he had done in Louisiana and why he had done it? Unable to put the defence upon a decently tenable ground, they resorted to the old cry of rebellion, assassination and the like, seeking to direct attention from the question at issue. Gen. Gordon's reply was earnest, brave and convincing to those not reso-Intely determined not to know, or hear the truth. In the Honse, infuenced no doubt by the remembrance of the spoils he got there in by-gone days, Butler was the special champion of the usurpation, frequently declaring his great desire " to get at the people of that State again." The condition of the people is exactly such as to commend service there to Benjamn's taste. They are quiet, orderly and peaceful, offering no resistance to the Federal forces; and to all places where there are prospects for obobtaining spoils in spoons and other such articles without bodily danger, BUTLEE will be found quite auxious to go. We sincerely trust that the people of New Orleans will be spared farther affliction in the nature of a visit from the rational bum-

papers feel compelled to succumb to the pressure of indignation which Grant and Sheridan have drawn down upon their heads. Says the Chicago Tribune, at present Republican all over :

"The Tribune is not prepared, with the light it has at present, to approve the action of Gen. Sheridan Monday. That action, by all present appear nees, was injudicious and hasty.

"Gen. Sheridan's dispatch to the Secretary of War, suggesting a means of quieting the Southern people, will excite amusement rather than dis-may at the North. The General has een too much accustomed to the rough usages of military jurispru-dence to understand the delicate and complex questions which are presented in the South. He is a hot-blooded Irishman, and more a fighter than a philosopher; it is not strange that the Southern disorders should seem to him a providential occasion for the exercise of his own peculiar qualities.

The Every Evening, a Republican paper in Wilmington, Del., has the following bold and manly denunciation of this great wrong:

"The outrage of last Monday is divested of all excuse or palliation, and t was as bold and lawless an act of oppression as ever overturned a government or threatened a people's liberty. It was done defiantly, after the utter illegality of the similar but less flagrant acts of the past had been declared by the law-making power of the Republic, and they had been emphatically condemned and rebukd by the American people at the olls. It did not bear the semblance a compliance with even the forms of the law by which the military interference of the National Government with the internal affairs of a State is authorized. There was no a surrection or popular tumuit.

* * * The act surpasses in atrocity any political crime of this century, is unparallelled in American history. If it stands, it threatens the very existence of our form of government. If the Federal Government may thus seat by force a Legislature of its own choice in Louislana it may do it in any State, and State

overnment is at an end. The event of Monday produces othing short of a crisis in the affairs of our nation. * * * All men of all parties should unite as one man to * All men of rebuke this brutal act of tyranny and demand the punishment of those engaged in it, but of all men and parties it most behooves the representatives of the Republican party in Congress to not merely disown this act, but to use the power still left them to remedy it and punish those guilty of the usurpation by which it was accomplished. It is the supreme opportunity of salvation for the Republican party, and its whole hope for the future depends on the alacri ty and promptness with which presents itself before the bar of the Senate with articles of impeach-

THE SOUTH.

Sheripan had scarcely reached New Orleans, and had scarcely not had time to acquaint himself with the actual condition of affairs there and ascertain upon whom to fix the responsibility for whatsoever was wrong in that condition, when, by telegram to the President, through the Secretary of War, he charged that the Conservative people of Louisiana were banditti, and recommended the passage of a resolution by Congress so declaring them. Growing impatient, when he remembered the time it would require to get the resolution through both houses, he modified his recommendation and declared that a proclamation from the President, so prononneing them, would serve all practical purposes and place him in position to preserve, what he grimly called, the peace. The object sought was to enable him to arrest the free citizens of that State without the ordinary process of law and place them on trial for their lives by military courts, "organized, in all cases to convict." In a later telegram he announced that the city was quiet, made mention of threats against his hfe, avowed his disregard of them, and adds "that he will not be stopped from informing the government that there are localities in this Department where the very air has been impregnated with assassinstion for some years." All this he valorously asserts, expecting his of-

ficial position to give it credibility. How true these grave charges against the character of the people of Louisiana will best appear upon a reading of the following document, entitled "An Appeal to the American People" and issued on the 5th inst., just one day after the mendacious dispatch of the Commanding Gen-

To the American People: Whereas, General Sheridan, now a command of the Division of the Missouri, under date of the 4th inst., has addressed a communication to the Hon. W. W. Belknap, Secretary of War, in which he represents the people of Louisiana at large as breathng vengeance to all lawful authority and approving of murders and crimes;

and,

Whereas, He has given to that communication full publicity; We, the undersigned, believe it our duty to proclaim to the whole American people that these charges are unmerited, unfounded, and erronneous, and can have no other effect than that of serving the interests of corrupt politicians, who are at this noment making most extreme efforts to perpetuate their power over the Louisiana.

N. J. Perche, Archbishop, New Orleans; J. P. B. Wilmer, Bishop of Louisiana; James K. Gutheim, Pastor Temple of Sinai; J. C. Keener Bishop M. E. church South; C. Doll, Rector St. Joseph's church, and many others.

New Orleans, January 5. The intelligence, integrity, honor and respectability of the signers of this important document are beyond

THE strongest of the Republican | question. They are men, known and loved of all men, who value the virtues that grace and dignify human character. N. J. PERCHE is the Roman Catholic Archbishop of the See of which New Orleans is the episcopal seat; J. P. B. WILMER is the Protestant Episcopal Bishop of the Diocese of Louisiana; JAMES K. GUTHRIE is the Rabbi of the leading Jewish congregation in New Orleans; J. C. KEENER is one of the Bishops of the Methodist Episcopal church South, and C. Doll is the Rector of one of the largest and most intelligent congregations of the city. They are all gentlemen of the bighest Christian character, and no inducement could obtain their signature to a declaration, which they did not know to be true in every asserted particular. They have no connection with political matters, further than the usual exercise of the suffrage. They are not seekers of political position and preferment; and they have no motive in thus appealing to their countrymen than the laudable one of securing for their suffering fellow-citizens an impartial hearing and judgment. Knowing the charges made against their friends and neighbors to be foully and cruelly false, calculated and intended to do them injury in the minds of persons unacquainted with facts and to further fasten upon them the shackles by which they are already bound, they have come forward in their defence, and pledged their characters and reputation to the truth of the utterances of their "ap-

peal." And now whom shall we believe -Sheridan, the bully, braggart and partisan, or these reverend and venerable men of God, whose lives are and have been beautiful illustrations of the several truths they teach? He who hesitates must be indeed so joined to his idols, that he would not believe, even though MosEs and the prophets were to speak in condemnation of them. Right-minded men, everywhere, will accept the statements of these pure, good and holy men, as a faithful expression of the real sentiments of the people of

We have spoken of the English candidates at Woolwich passing an examination in English literature. Would it not be well if our students at West Point were taught something besides the manual of arms? A short course of constitutional law would have been a benefit to Sheridan and Grant, and even to the bellicose Belknap, who, we presume, was also a graduate at West Point. Two other Republican heroes of New Or-leans had not the benefit of a military education, although from their warlike utterances the public might judge that they had graduated at two or three different schools, and smelt gunpowder from infancy-"Shootnim-on-the spot" Dix, and Ben Butler, who on the floor of Congress has said that he longed to "get at" New Orleans. If he is spoiling for a fight there are more Ditchers left in Essex, his native home, than the one who summarily knecked him down. -Balt. Gazette

is no new or untried manure. It has been before the public for upwards of ten years, during which time it has been steadily growing in reputation, until it is now universally recognized as one of the most uniformly reliable concentrated fertilizers in the market. It is manufactured from the best and purest raw materials, every one of which is subjected to chemical analysis before being used. The purity of the fertilizer is thus assured. In addition to this, every step of its manufacture is conducted under the strictest chemical supervision, so that farmers are thus guarded at every point from any danger of using an inferior article. While this enterprise is not conducted under the direct anspices of any Lodge, yet its object is to aid that noble institution, the Oxford Orphan Asylum, which was established by the Grand Lodge or the State, and the management is entirely in the hands of members of the Order.

The object is exclusively for the benefit of the Orphan Asylum and the Committee oeem it unnecessary to make any extended appeal to the people of North Carolina in behalf of an institution which is so worthy of their support. The low price of the tickets places it in the power of every one to aid a noble cause, and at the same time the chances of being reimbursed are unusually tavorable.

It is confidently believed that the enterprise will be a success, but if from any cause there should be no Concert and distribution, all the money received from the ticket holders shall be returned to them without discount.

No tickets sold will be entitled to a chance for the Gifts unless the money for the same has been receive at this office.

A meeting of ex-Confederates will e held in Washington on Wednesday the 13th inst at one o'clock p. m., or the purpose of organizing an asociation to care for the Confederate lead in this vicinity. All interested are invited to attend, and newspapers, favorably disposed, are requested to notice the call.—Alexandria Gazette.

The drowning man catches at straws, and the Washington Repub lican is floundering most dreadfuily in its efforts to find some excuse for the action of the Federal troops in Louisiana. Says that paper:

"The Albany Evening Journal, one of the most reliable Republican journals in the country, was discret enough when the information of the late disturbances in New Orleans was first received to advise its readers to wait for "a clear and just understanding of the exact facts" of the case before pronouncing judgment. Further, the Journal did not overlook the fact, as many other papers have, that the first appearance of the troops in the State-house "was upon the invitation of the Conservatives themselves." We allude to these gratifying indications of the Journal's careful treatment of this important subject simply for the purpose of assuring our readers that the hot-head-ed, biased and impulsive criticisms of the leading New York city news papers are not accepted as final and satisfactory by the people at large. In fact, the people at large, while regretting the appearance of the soldiers, are ready to sustain and approve the acts of Gen. DeTrobriand bceause they believe that blood-shed was prevented thereby."

The New York Day-Book thinks there are many reasons why Gover-nor Allen should be selected as the standard-bearer of the Democracy in 1876, and it claims that it, on the news of his election last year, predicted his nomination in 1876 President. He achieved the first Democratic victory since 1860. He broke the backbone of the Republican party, and rendered all subsequent victories an easy matter. He was the first prominent Democrat of character and unsullied reputation who dared go into an election upon a Democratic issue, eschewing all po-licy dodges or cuddling propositions with "Liberal Republicanism" help "pull through."

FROM ALABAMA.

The Work of the Investigation Com-mittee—Not Much Information Ob-tained to Republicanism. LIVINGSTON, SUMPTER COUNTY. ALA., January 9.—Messrs. Albright and Buckner, of the Alabama Investigating Committee, yesterday con-cluded their four days investigation at this place. Many witnesses were examined, and the killing of Billings and Ivey, and the whipping of the negro Nelson Doyle proved that "no proof" connecting those acts with political motives. It was proven that the Forkeland riot originizated in the strife between the negroes respecting the distribution of the Government bacon, and the attempts to quell a disturbance resulted in a combination of the negroes against the whites, and an attack by the former, who subsequently transferred the operations to the adjacent Belmont neighborhood, across the river and in this country, where the armed demonstration was suppressed by the civil authorities without bloodshed. Reported outrages in Choctaw proved to be mere inventions. It was proven that in this county, the United States authorities made arrests. seized

the county jail.

A colored Democrat was arrested without warrant and imprisoned, and was subsequently discharged without examination, and while he was imprisoned the military guard threatened to shoot him if he did not furnish information which he could not give. It was proved that Bob Reid declared he would carry Sumpter county or rid, chin deep in blood in refutation of the charges of intimidation of Republican voters. It was also proved that in the last election the Republi-can vote of this county was increased 33 per cent over the Grant vote in 1872. This was sustained by the official returns.

A Bill in the Virginia Legislature Calling Upon the Legislatures of the Different states to Consult as to What is Best to do in Reference to the Late Louisina Outrage. RICHMOND, January 9th .- The fol-

lowing resolutions were introduced in the State Senate to-day : "Resolved by the General Assembly of the Commonwealth of Virginia, That the Governors of the States composing the United States of America d they are hereby earnestly requested to convene as soon as practi-cable the Legislatures of their respec-tive States in order that the States may consult together and advise with each other respecting the late inter-ference of the army of the United States with the Legislature of the State of Louisiana, and determine

sumultaneously and promptly what is necessary to be done to defend and preserve the independence and authority of the States." Resolved, That the Governor of hereby requested forthwith to tele-graph these resolutions to the Governors of the several States and request

immediate replies."

An animated and prolonged discussion ensued, in which the spirit of moderation predominated, leaving the Senators opposed to Virginia tak-ing the initiatory movement as a State in this grave matter. It was the general opinion, however, that Virginia should give an expression sentiment through her Legislature in a form of protest against the action of the general government in relation to Louisiana, and an appeal to the American people for redress, and also to express the deep and lasting asymptetic of the present of Virginia sympathy of the people of Virginia with the people of their sister State of Louisiana. At the conclusion of the discussion, the whole matter was laid over and made a special order for Tuesday at 1 o'clock.

Sheridan Still Telegraphing His Version of the "Banditti" Move-ments in Louisiana—What he Thinks of the Situation and a Continuation of His Lies. H'DQ'RS MIL. DIV. OF MISSOURI,

NEW ORLEANS, Jan. 8th, 1875. Hon. W. W. Belknap, Secretary of War, Washington, D. C.: I have the honor to submit the fol-

lowing brief report of affairs as they occurred here in the organization of the State Legislative, on January 4. 1875. I was not in command of this military department until 9 o'clock at night on the 4th inst., but I fully endorse and am willing to be respon sible for the act of the military as conservators of the public peace upon that day. During the few days in which I was in the city, prior to the 4th of January, the general topic of conversation was the scenes of bloodshed that were liable to occur on that day, and I repeatedly heard threats of the assassination of the Governor and regrets expressed that he was not killed on the 14th of December last, also threats of the assassination of Republican members of the House in order to secure the election of a Democratic Speaker. I also knew of the kidnapping by the banditti of Mr. Cousinier, one of the members elect of the Legislature.

In order to preserve the peace and to make the State house safe for the peaceable assembling of the Legislature, General Emory, upon the requisition of the Governor, stationed roops in the vicinity of the building. Owing to these precautions the Legislature assembled in the State house without any disturbance of the public peace. At 12 o'clock! Wm. Vigers, the clerk of the last House ame authorities took possession of of Representatives, proceeded to call the roll as according to law he was empowered to do; jone hundred and two legally returned members answered to their names. Of this number fifty-two were Republicans and fifty Democrats. Before enter-ing the House Mr. L. A. Wiltz had been selected, in caucus, as the Democratic nominee for Speaker and Mr. Michael Hahn as the Republicar nominee. Vigers had not yet finished announcing the result, when one of the members, Mr. Billican, of Lafourche, nominated Mr. Wiltz for temporary Speaker. Vigers prompt-ly declared the motion out of order at that time, when some one put the question, and amid the cheers of the Democratic side of the House Mr. Wiltz dashed on to the rostrum pushed aside Mr. Vigers and seized

he Speaker's chair and gavel and declared himself Speaker.

A protest against this arbitrary and unlawful proceeding was promptly made by the members of the majority, but Wiltz paid no attention to these protests, and upon a motion from some one on the Democratic side of the House, he declared one Trezevant nominated and elected Clerk of the House, Mr. Trezevant at once sprang forward and occupied the Clerk's chair under the wildest confusion over the whole House.

Wiltz then again, on another nomination from the Democratic side f the House, declared one Floord lected Sergeant-at-Arms, and ordered that a certain number of assistants be appointed. Instantly, a large number of men throughout the hall who had been admitted on various pretexts, such as reporters and mem bers, friends and spectators, turned down the lapels of their coats upon which were pinned blue ribbon adges on which were printed in gold letters, the words "Assistant Sergeant-at-Arms," and the Assembly was in the possession of the minority. and the White League of Louisiana had made good its threats of seizing the House, many of the Assistant Sergeant-at-Arm as captains of White League companies in this city. Notwithstanding the suddenness of this movement, the leading Republican members had not fai'ed to protest again and again against this revolutionary action of the minority, but all to no purpose, and many of the Republicans rose and left the House in a body together with the Clerk, Mr. Vigers, who carried with him the original roll of the House, as returned by the Secretary of the State. The excitement was

low very great. The acting Speaker directed the Sergeat-at-arms to prevent the egress or ingress of members or others, and several exciting scuffles, in which knives and pistols were drawn, took place, and for a few moments it seemed that bloodshed would ensue. At this juncture Mr. Dupre, a Democratic member from the parish of New Orleans, moved that the military power of the general governmen be invoked to preserve the peace, and that a committee be appointed to wait upon General DeTrobriand, the commanding officer of the United States troops stationed at the State House, and request his assistance in cleaning the lobby. The motion was adopted, and a committee of five, of which Mr. Dupre was made chairman, was sent to wait upon General DeTrobriand, and soon returned with that officer, who was accompained by two of his staff officers. As General DeTrobriand walked down to the Speaker's desk, loud applause burst

from the Democratic side of the House. General Detrobriand asked the acting speaker if it was not possible for him to preserve order without ap-pealing to him as a United States

Mr. Wiltz said it was not, where upon the General proceeded to the lobby, and addressing a few words to the crowd, peace was at once restored. On motion of Mr. Dupre, Mr Wiltz then in the name of the General Assembly of the State of Louisiana. thanked General Detrobriand for his interference in behalf of law and order, and the General withdrew.

The Republicans had now general ly withdrawn from the hall and upited in signing a petition to the Governor, stating their grievances, and asking his aid, which petition was signed by fifty-two legally returned members of the House is in

my possession. Immediately subsequent to the action of Mr. Wiltz in ejecting the Clerk of the old House, Mr. Bellieu moved that two gentlemen from the parish of De Soto, one from Urim, one from Bienville and one from Iberia, who had not been returned by the returning board, be sworn in as members, and they were accordingly sworn in by Mr. Wiltz and took seats upon the floor as members

of the House.
A motion was now made that the House proceed with its permanent organization, and accordingly the roll was called by Mr. Trezevant, the acting clerk, and Wiltz was declared elected Speaker, and H. Trezevant Clerk, of the House. Acting on the protest made by the majority, the Governor now requested the Commanding General of the Department to aid him in restoring order, and enable the legally returned members of the House to proceed with its organization according to law. This request was reasonable and in accor-dance with law, remembering vivid-ly the terrible massacres that took

place in this city on the assembling of the Constitutional Convention in 1866, at the Mechanics Institute, and believing that the lives of the members of Legislature were or would be endangered in case an organiz-ation under the law was attempt d, the posse was furnished with the request that care should be taken that no member of the Legislature returned by the Returning Board should be ejected from the floor. This military posse performed its duty under directions from the Governor of the State, and removed from the floor of the House those persons who had been illegally seated and who had no legal right to be there, whereupon the Democrats arose and left the House, and the remaining members preceded to effect an organization under the State laws. In all this turmoil, in which blood-

posse behaved with discretion. When Mr. Wiltz, the usurping Speaker of the House, called for troops to prevent bloodshed they were given him. When the Governor of the State called for a posse for the same purpose and to enforce the law it was furnished also. Had this not been done, it is my firm belief that scenes of bloodshed would have ensued. [Signed]

Congressional Unimportants
A New Minister to St. Petersburg
—The President's wessage Concerning Louisiana to be Sent in
Monday—From Louisiana. WASHINGTON, Jan. 9.-SENATE.

The Senate caucused upon the order of business. The House is caucusing on the Southern matters. Nothing transpired.

Geo. H. Booker, of Pennsylvania, present minister at Constantinople, goes to St. Petersburg. The President's message regarding the Louisiana difficulty, which goes to the Senate Monday, will be accompanied by an immense mass of documents.

The following has been received NEW ORLEANS, Jan. 9.

To Hon. A. P. Field, Care of Senator West, Washington D. C.: The Republican party does not endorse Dibble's letter. He published it in the Democratic papers alone. Our friends generally condemn

WM. P. KELLOGG. (Signed) The New York Press Still Rasping

Grant. The Herald, referring to the grand demonstration which is to be made in that city to-morrow night in condemnatory of the course of the President towards Louisiana, says:

"The President will soon see that he is not supported by the sentiment of the country, and that his unparalleled course arouses the apprehensions of the people as no other public event has done since the firing on Fort Sunter. Can be think it possible that he is right when the wisest men of the country declare him so daugerously in the wrong? We trust that this demonstration, which expresses the soundest opinion of the country, may be duly weighed by the President. It is not safe for his reputation to disregard the sober judgment of his countrymen and persist in a course which all our wisest minds look upon as fraught with the gravest peril. The moral carnestness by which this strong reprobation of is policy in Louisiana is supported challenges his notice and has claims to his most careful consideration.

The Tribune, under the heading "Is there no help for Louisiana?" reviews the whole case, and concludes with the following forcible language: "This is the state of the Will any one tell us, in view case. of it, by what known process other than revolution the people of Louis-iana can extricate themselves from the clutches of the Kellogg party? Is it not worth while for Congress to look into this matter at once? One would naturally suppose so. But when a resolution is offered in the Senate conrecously asking the President for information upon which to base some action, Senator Roscoe Conkling of New York interposes frivolous objections, and has it postponed. The foot of the President is on a sovereign State, and Senatorial servants refuse to let the People ask him why. There is no way of escape for Louisiana, and a cringing set of cowards in both Houses of Congress look on with bated breath, and never dare lift up a voice in her behalf. What has become of the men in the

Republican party?" Patrictic Words of a Patriotic Man. When Speaker Wiltz' authority in the Louisiana House of Representatives was thrust aside by the bayonets of De Trobriand's soldiers on Monday last, that gentleman uttered

the following protest:
"I have, as the legal Speaker of this House, protested against the occupation of this hall by United States troops, and now, again, in the name of my downtrodden people once free, in the name of my bleeding State, in the name of God and in the name of justice, I enter my solemn protest

against this interference, Gentlemen of the General Assembly, your Legislative Hall is in the ssion of the soldiers of the Unied States, you have seen your brother member forcibly ejected at the point of the bayonet. Under the circumstances I do not consider it my duty to longer remain." He stepped from the chair amidst

enthusiastic cheering and left the hali

accompanied by the Democratic members. To find out how deep the coal veins run, the Philadelphia and Reading Coal and Iron Company have drilled down two thousand feet. At fifteen hundred feet a vein fourteen feet thick was found, and at nineteen hundred feet a seven-feet vein war discovered. The coal was at both places excellent in quality. bed is exhausted. OOD FISH, MACKEREL AND MULL TS.

It has also restored my hair to its original color, and by occasionally using it as a dressing I have no doubt will preserve the color. E. T. BAIRD. Richmond, Va., July 27, 1874.

CHAR! OTTESVILLE, VA., June 12, 1874. CHARLOTESVILLE, VA., June 12, 1871.

Dear Sir: I have used the Xanthine for one year, and find it answers the purpose it is prepared for. I had used other preparations for the same purpose, viz: the restoration of the hair to the natural color but was compeled to abandon them, because they affected my system, gave me rheuma is m and neuralgia. Xanthine, however has not had this effect; on the contrary, has been beneficial in this respect. Hoping that you may be successful in its sale,
